

MMHP is seeking a Bilingual Community Health Worker to be based out of Augusta, Maine. MMHP is a community health center focused on supporting Maine's agricultural workers and their families through mobile health services and case management. If you are interested in working in a dynamic and innovative healthcare environment, we want to hear from you!

The Community Health Worker is a respected member of their community who serves as a bridge between medical providers and individuals, promoting health and improving access to care. The core roles include conducting health/needs assessments, navigation, care coordination, interpretation, and health education.

Requirements of the Community Health Worker

- Ability to speak and write in Spanish
- Current driver's license, with a good driving record
- Reliable transportation
- HS Education, GED, or equivalent experience
- Computer skills are required.
- Daytime, and some evening and weekend hours during the harvest season
- Highly motivated with strong interpersonal skills
- Strong understanding of the agricultural community due to prior work, relationships in/to the community, and/or other life experience such as shared language of culture.
- Ability to provide services in a varied geography
- Completion of a CHW core-competency training preferred

What you will be doing:

- Bridge the gap between communities and health and social service systems.
- Conduct outreach to establish and maintain relationships with current and potential patients.
- Provide care coordination services on behalf of patients and their families, assisting with referrals and appointment coordination, interpretation, transportation, prescription assistance, and eligibility for insurance or public benefits.

Improving the health status of Maine's seasonal workers and their families by providing culturally appropriate care and services.

- Support CHW activities related to mental health and substance use including working directly with patients and other staff.
- Provide intake, interpretation, or Provider Assistant services for mobile clinics as assigned.
- Communicate with clients, staff, and partners in a respectful, inclusive, appropriate manner.
- Drive the Mobile Medical Unit as assigned.
